UNLOCK YOUR PATH TO RESIDENCY SUCCESS

Join us for an insightful discussion with education leaders who will provide expert advice for medical students preparing to apply for residency.

Attendees will gain a deeper understanding of the ERAS application process, including practical strategies on how to best use program signaling. Discover the key attributes that programs seek in their ideal candidates, and learn how to make yourself stand out by highlighting your unique story.

This event is open to all medical students with an interest in anesthesiology and may be particularly useful to first-generation med students and those without a medical school mentor.
